Games will last 30 minutes

Each batter will hit the ball off of the tee, then will run to the Blastball base. Once they have completed their turn, they will return to the end of the line. After all batters have had their turn, the teams will switch sides.

The defensive team will be positioned out into the field and can take turns fielding the ball.

All equipment needed for the games will be at the field. The ball is a soft foam, so ball gloves are not required.
